TECHNICAL ASSISTANCE INFORMATION CLEARING HOUSE (TAICH)  
200 Park Avenue South  
New York, New York 10003

July 1974

DEVELOPMENT ASSISTANCE PROGRAMS FOR PAKISTAN

This report describes the assistance programs for Pakistan of 31 U.S. organizations. It includes voluntary agencies, missions, foundations and other non-profit organizations which provide the people of Pakistan with material aid and assistance in medicine and public health, education, community development, etc.

This is one of a series of annually revised country reports representing an expansion and updating of Part II of the TAICH 1971 directory, U.S. Non-Profit Organizations in Development Assistance Abroad. Additional and new information on the programs of the organizations listed in these reports may be obtained from TAICH.

Geographical place names have been standardized in accordance with official standard names approved by the U.S. Board on Geographic Names of the Office of Geography in the U.S. Department of the Interior. The designational "international" under the heading PERSONNEL refers to personnel other than U.S. or local, or to non-local personnel in general when citizenship information is not available.

Of the 31 U.S. organizations included in the report 17 were able to provide TAICH with financial data. These figures indicate that a total of \$1,358,145 was expended in financial aid. These figures are approximate owing to differences in fiscal years, methods of financial reporting, and methods of estimating dollar values of commodities, equipment, and material shipped. In instances where a determination of expenditures was not possible the notation "Not available" has been made after the heading FINANCIAL DATA.

The Technical Assistance Information Clearing House, operated by the American Council of Voluntary Agencies for Foreign Service under contract to the U.S. Agency for International Development, functions as a center of information on the socio-economic development programs of U.S. non-profit organizations. Through publications and maintenance of an inquiry service, it makes available to organizations, governments, researchers, and other users, information about development assistance with particular reference to the resources and concerns of the private, non-profit sector.

The information given on each organization is based on the data supplied to TAICH by that organization. Publication of this information does not guarantee accuracy of content, or endorsement of any organization by the American Council or TAICH.

\*+ WORLD UNIVERSITY SERVICE, INC., U.S. Committee  
20 West 40th Street, New York, New York 10018 -- (212) 563-1736

Address in Pakistan: Department of Zoology, University of Karachi, Karachi 32  
Dr. Hamid Mahmood, Executive Secretary, Associate Professor

The U.S. Committee of WUS contributes funds to the International Secretariat in Geneva, which coordinates and supports projects implemented by national committees and local chapters. In Pakistan, projects are:

CONSTRUCTION, HOUSING & PLANNING: Provision of some financial support toward the construction of a 10-bed student health center at Jamia Millia College, Malir.

EDUCATION: Support of programs of book banks and service scholarships at universities; the former permit indigent students to borrow textbooks at low fees and the latter provide some scholarship aid in return for student service in local WUS projects. Support of expansion of facilities at the WUS International House, Karachi University, including accommodations for 16 students, a cafeteria and a cooperative store to which

(continued)

(continued)

International WUS contributes funds for construction and special equipment. Provision of funds for equipment needed in cafeterias at Pakistan Agricultural University, Lyallpur.

EQUIPMENT & MATERIAL AID: Fund drives for victims of recent floods.

MEDICINE & PUBLIC HEALTH: In line with nationwide efforts to cut down the high incidence of TB, university health centers are providing increasingly comprehensive health examinations with emphasis on early TB detection. International WUS helps provide funds for X-ray units and/or Odelca cameras (the latter permit mass X-ray work), frequently on a half and half basis with the local university and local WUS chapter. Universities having or planning to acquire X-ray units and cameras are the universities of Dacca, Karachi, Punjab (Lahore), Rajshahi, Sind (Hyderabad), Pakistan Agricultural University (Lyallpur), and Pakistan University of Engineering and Technology (Lahore). Provides support for establishment of community Health Centers on three university campuses to provide health education, conduct mass vaccination and inoculation against communicable diseases, introduce family welfare and child care programs, and to assist the rehabilitation of the handicapped.

FUTURE PLANS: Plans to sponsor and administer 6 adult literacy centers on six university campuses, and to help provide teaching supplies.

FINANCIAL DATA: Not available.

COOPERATING ORGANIZATIONS: Universities of Karachi and Sind, and Pakistan Agricultural University.

(Program information received November 1973)
